PUR-Forma – Long Range Duration Shippers

Cryopak’s PUR-Forma line of pre-qualified polyurethane shippers provides outstanding thermal insulation, making it an ideal choice for protecting temperature-sensitive shipments from environmental hazards. In addition to the low heat conductivity, PUR is rugged and lightweight, making it ideal for return/reuse logistics.

Features

- Sizes available immediately.
- Long range shipping profile durations available – up to 120 hours on some profiles.
- PUR wall thickness of 1.5-3 inches.
- Excellent temperature protection, as well as exceptional strength and durability.
- Flexible polyurethane foam plug enclosure, providing cushioning and insulating the payload.
- Durable plastic outer skin for reusability and easy cleaning (varies by item).
