

Cryopak

The Perfect Degree of Protection

EcoPak

Our EcoPak sustainable solutions are manufactured in-house with a recycled cardboard fiber blend wrapped in craft paper to absorb moisture and keep contents dry.

Each liner provides a consistent thermal performance to ensure our customers' specific needs are met or exceeded.

Key Features

- 100% paper-in-paper construction
- Multiple thickness options available for customizable performance
- Available in 7 standard sizes as well as made-to-order custom sizing
- Dimensional weight savings opportunities
- Cushioning provides superior payload protection
- Replaces EPS products, foam or other insulators
- In-house design, validation and qualification services are available

Recyclable and biodegradable

ISTA 7E / AFNOR S99-700 pre-qualified and validated

Fully customizable with your company logo and text
