

## EcoPak Fiber

Our Cryopak EcoPak liner solutions are manufactured in a zero-waste environment from a recycled fiber blend and wrapped in a compostable film that absorbs moisture.

Each liner provides a consistent thermal performance to ensure our customers' specific needs are met or exceeded.

### Key Features

- Multiple thickness options available for customizable performance
- Available in 7 standard sizes as well as made-to-order custom sizing
- Dimensional weight savings opportunities
- Cushioning provides superior payload protection
- Replaces EPS products, foam or other insulators
- In-house design, validation and qualification services are available

**Recyclable and biodegradable**

**ISTA 7E / AFNOR S99-700 pre-qualified and validated**

**Fully customizable with your company logo and text**
