

### BOXEDin – Shipping High Value Biologics

*Cryopak’s BOXEDin line of pre-qualified EPS shippers provides outstanding thermal insulation, making it an ideal choice for protecting temperature-sensitive biologic shipments from environmental hazards. This unique two-tier solution offers an extra layer of protection to provide the peace of mind and security you need to ensure your payload arrives at the correct temperature.*

#### Features

- Long range shipping profile durations available – up to 96 hours on all profiles.
- Molded EPS within molded EPS (Small size) or within assembled EPS panels (Medium and Large sizes).
- Excellent temperature protection, as well as exceptional strength and durability.
- Corrugate outer skin can be reused or easily replaced.
- Sizes are available immediately

**2-8°C | BOXEDin**

Item #	Description	Duration (hrs)	Payload (liters)	Payload ID (in)	Shipper Inner Dimensions (in)	Shipper Outer Dimensions (in)
	BOXEDin, Small – Molded EPS within Molded EPS	96	6	11.8 x 7.8 x 3.8	13.85 x 10.6 x 11.2	18 x 15 x 14.5
