

Eco Gel

Advantages

Cryopak Eco Gel is more than just a refrigerant; it's a revolution in the making. What makes Cryopak Eco Gel truly stand out from the crowd are its unique eco-friendly features, while also being fully drain safe. This remarkable gel is biodegradable and compostable, breaking down into non-toxic components over time. This makes it an exceptional choice for the environment and reducing landfill waste.

Zero-Waste
sustainable choice

FDA compliant,
standard for food-grade gels

Fully customizable with your
company logo and text

Cryopak Eco Gel aligns with environmental values by being biodegradable, compostable, recyclable and drain safe.

- This Eco Gel decomposes naturally, breaking down into non-toxic components over time.
- Cryopak Eco Gel takes the concept of recycling to the next level and is formulated to be drain safe.
