

## EcoPak Paper

Our EcoPak paper packaging provides sustainable solutions, manufactured in-house with a recycled cardboard fiber blend and moisture-absorbing craft paper for superior dryness.

Each liner delivers consistent thermal performance, meeting or exceeding your specific needs.

### Key Features

- 95% post-industrial, pre-consumer recycled cardboard construction
- Multiple thickness options available for customizable performance
- Available in standard sizes as well as made-to-order custom sizing
- Meet FDA requirements of food and medical contact
- Cushioning provides superior payload protection
- Replaces EPS products, foam or other insulators
- In-house design, validation and qualification services are available

Recycled as paper

ISTA 7E / AFNOR S99-700 pre-qualified and validated

Fully customizable with your company logo and text
